### **Our Projects**

We are offering products and services mainly in Delhi NCR, Goa, Mumbai, Bengaluru, Hyderabad, Gujarat, Punjab.

#### Waterproofing

Waterproofing is the most crucial part of any construction.

#### Future-proofing what you build

**Epoxy Flooring** It's also water resistant, and will protect your floor from any spills, including harsh chemicals.

#### Exterior wall waterproofing

It is a highly elastic, high quality water-soluble paint, based on acrylic elastomeric resins.

#### **Commercial Roofing Painting Services**

Roof painting protects the roof membrane from UV rays and other harmful weather conditions.

#### **Cementitious Waterproofing**

Cementitious products are considered some of the easiest waterproofing materials to mix and apply

#### **Acrylic coating Services**

It cure to form a rubbery barrier against water penetration between the substrate of a wall or floor and the finished surface.

#### **PU Injection Grouting**

It is one of the long lasting methods of correcting almost all kinds of water leakages.

#### Guniting

The guniting is a procedure in which repairing concrete work can be done that has been harmed due to inferior work

#### **Terrace Garden Waterproofing**

Polyurethane is considered one of the best waterproofing materials.

# **Our Projects**

#### Exterior wall waterproofing

It can be applied seamlessly and penetrates the surface deeply and evenly.

#### **Cementitious Waterproofing**

Cementitious products are considered some of the easiest waterproofing materials to mix and apply.

#### Interior Wall Waterproofing

Cementitious products are considered some of the easiest waterproofing materials to mix and apply.

#### **Shotcrete**

Shotcrete is used to reinforce both temporary and permanent excavations.

#### Cementitious grouting

It is a process in which a fluid cementitious grout is pumped under pressure to fill forms, voids, and cracks.

#### **Terrace Garden Waterproofing**

Polyurethane is considered one of the best waterproofing materials.

#### **Coal Tar Epoxy Coating**

The epoxy service lifetime is approximately to 20-30 years.

#### Interior Wall Waterproofing

This material is integral for waterproofing of plaster and concrete.

### **Testimonial**

### What Our Customers Are Saying

Mr Nikhil (Gravity Design)

First and foremost, the team at Chauhan Creation was prompt and efficient in their communication. They promptly responded to my initial inquiry and scheduled a convenient time for an assessment of the waterproofing needs of my property. Their representative arrived on time and thoroughly examined the areas that required attention.

I highly recommend Chauhan
Creation for any waterproofing
needs. Their skilled team, attention
to detail, use of superior materials,
and commitment to customer
satisfaction make them stand out in
the industry. With Chauhan
Creation, you can trust that your
waterproofing requirements will be
met with precision and excellence.

What impressed me the most was their attention to detail and commitment to delivering top-notch results. The workers arrived promptly and completed the waterproofing work efficiently while ensuring minimal disruption to my daily routine. They paid great attention to protecting my belongings and cleaning up the work area after each day's work, which I genuinely

Throughout the project, Chauhan Creation's customer service was exceptional. Their team maintained excellent communication, promptly addressing any concerns or questions I had. They went above and beyond to ensure I was satisfied with their workmanship and even provided valuable tips to prevent future water-related issues.
